

*Is the media
encouraging change?*

Will technology save us?

Social and ecological innovation

**The role of business in
a low carbon transition**

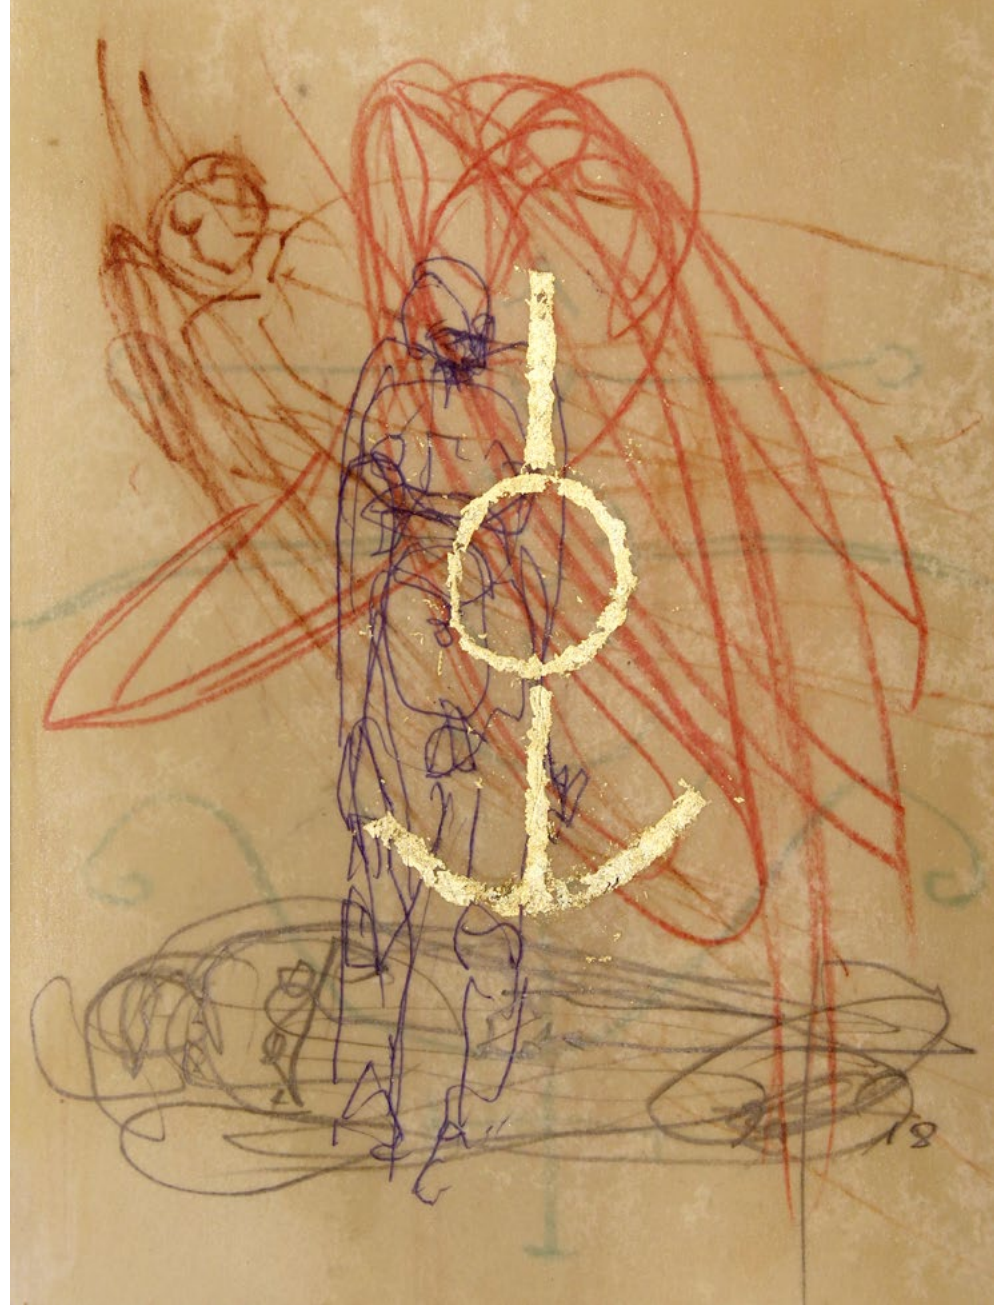

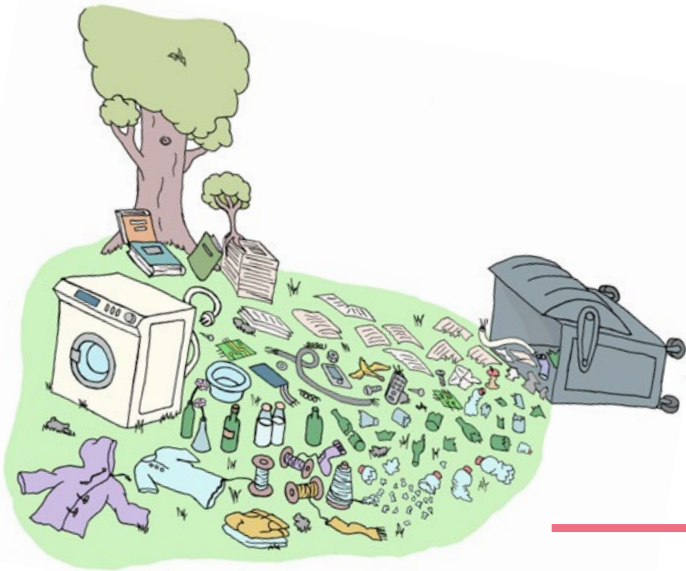

*What does the company
of the future look like?*

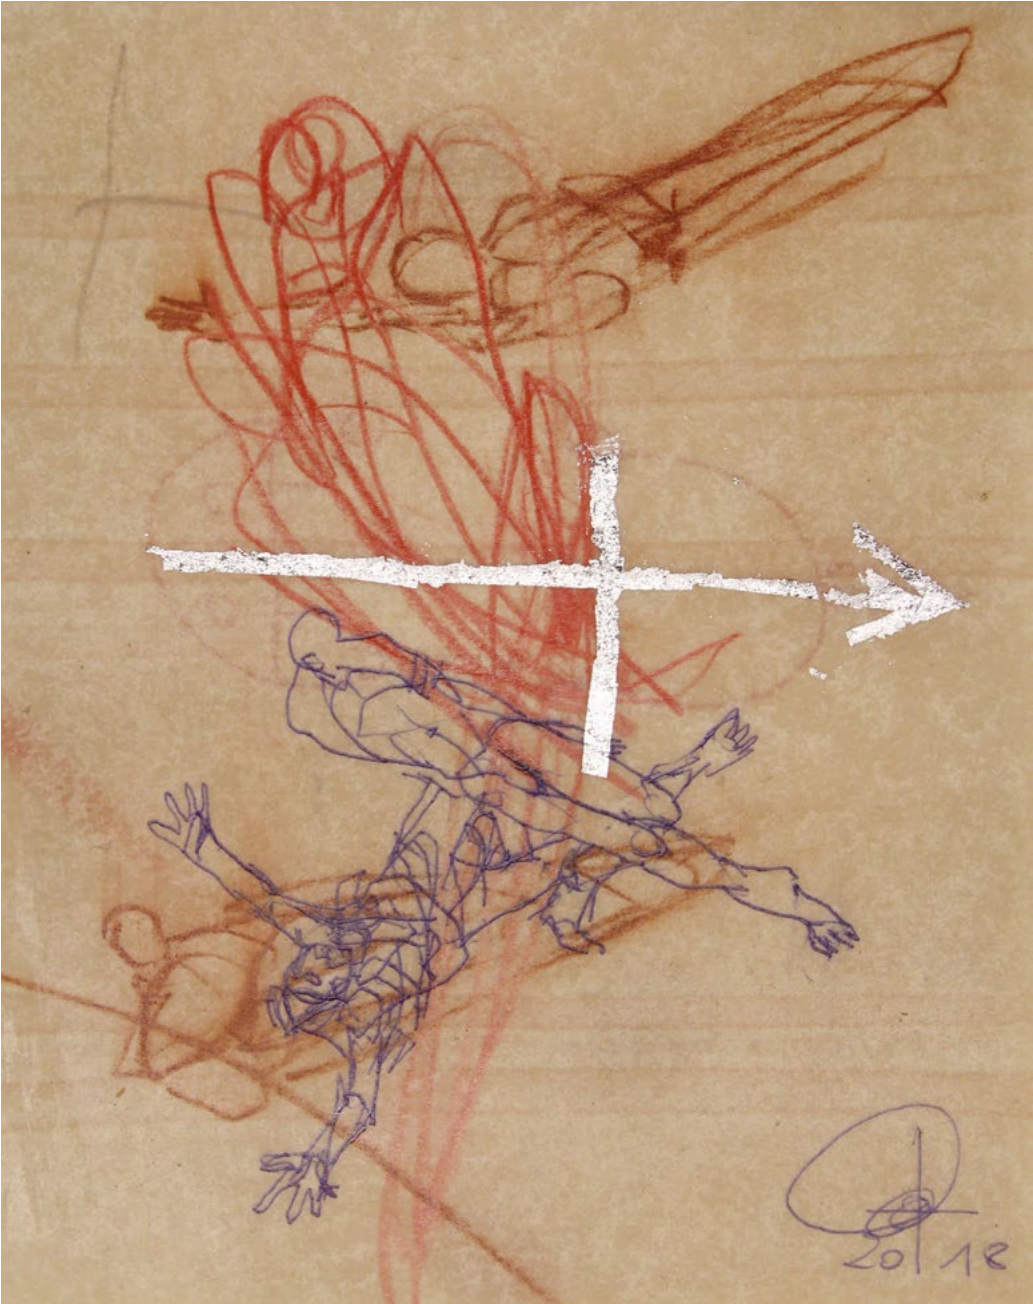

Circular economy and beyond

Which areas would you invest in?

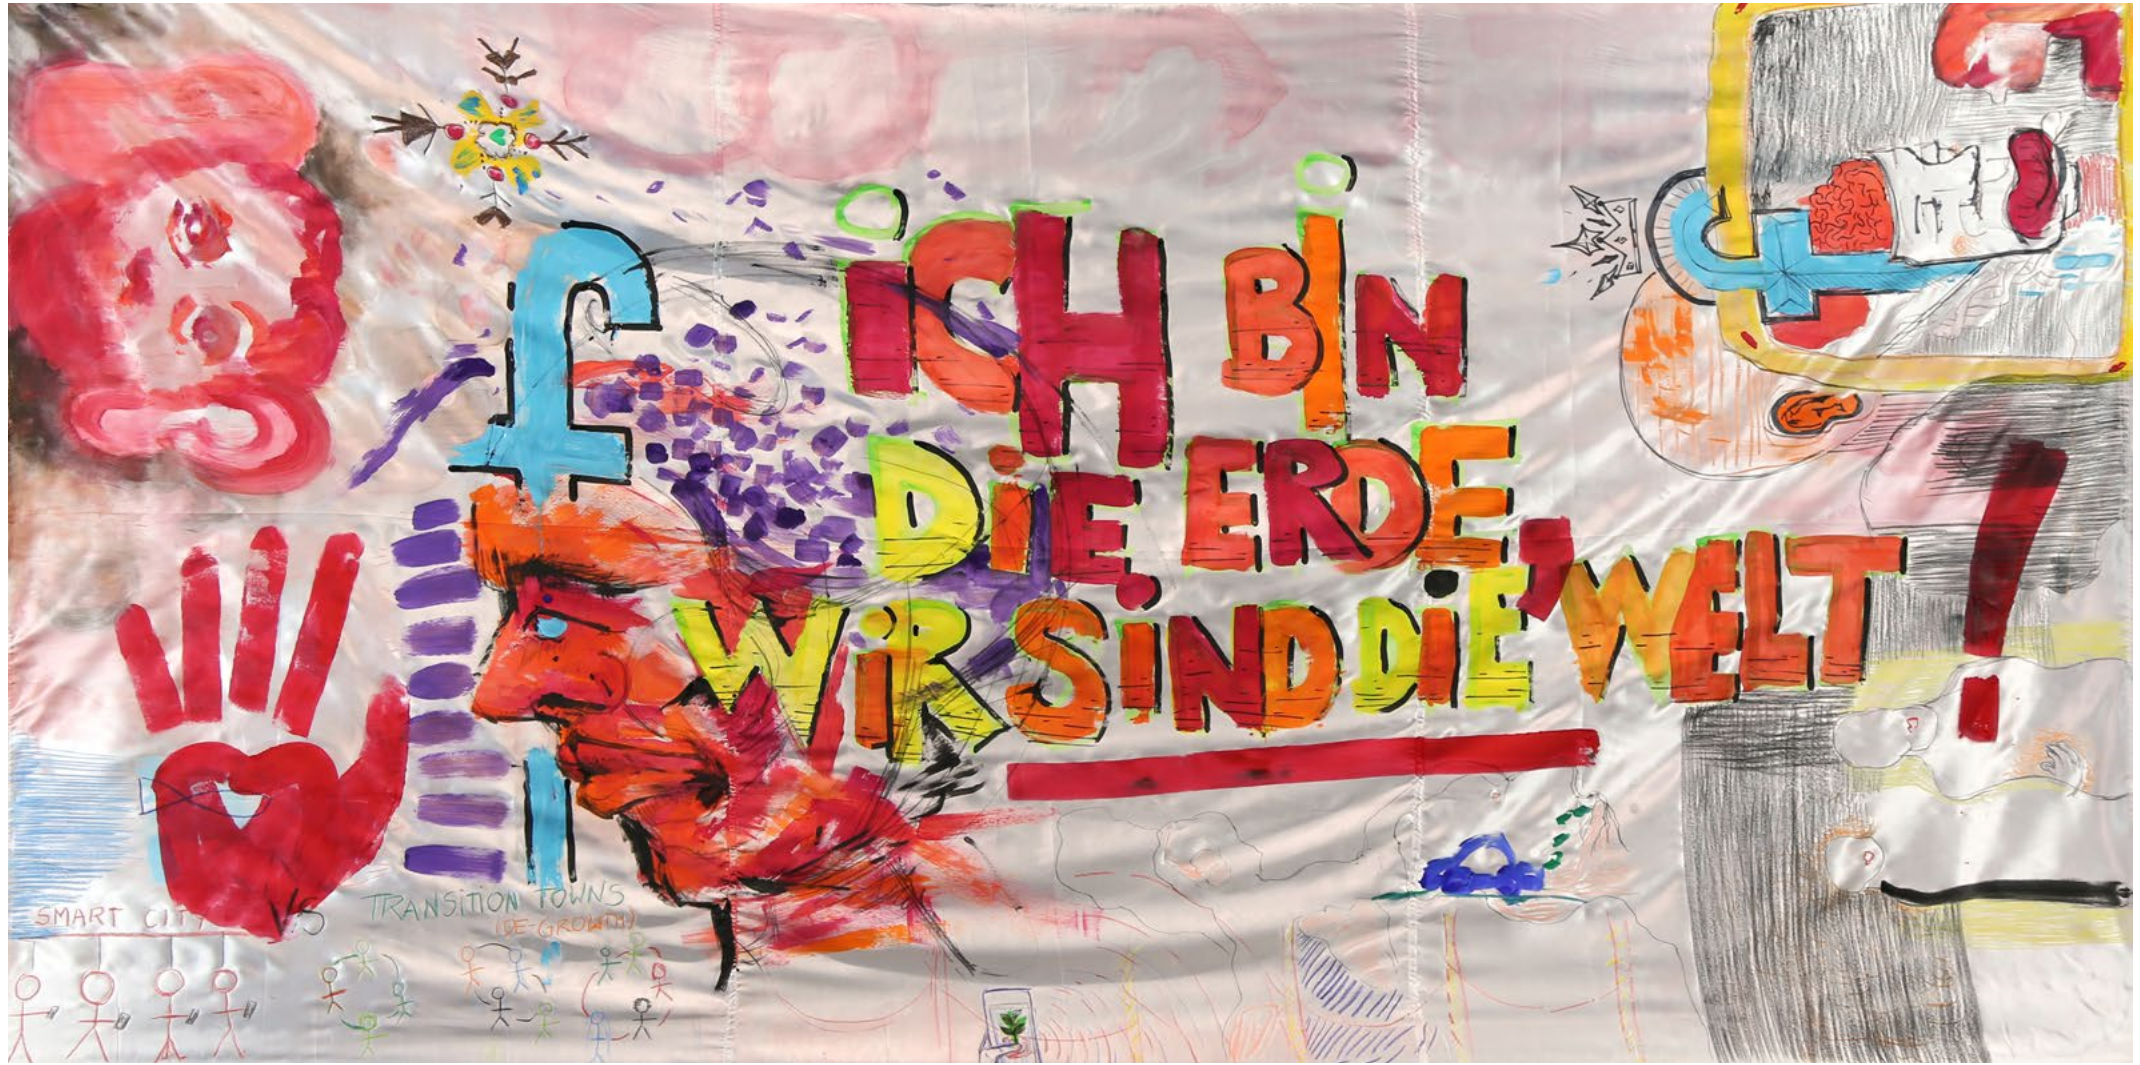

*If you were a political leader,
which degree of global
warming would you accept?*

- 1.5 C°
- 2 C°
- 2.5 C°
- 3 C°

**The implementation of the
Paris Climate Agreement**

What is the most important change that needs to happen?

The sustainability transformation in Europe

How do we get words to deeds?

**The role of the
United Nations Sustainable
Development Goals**

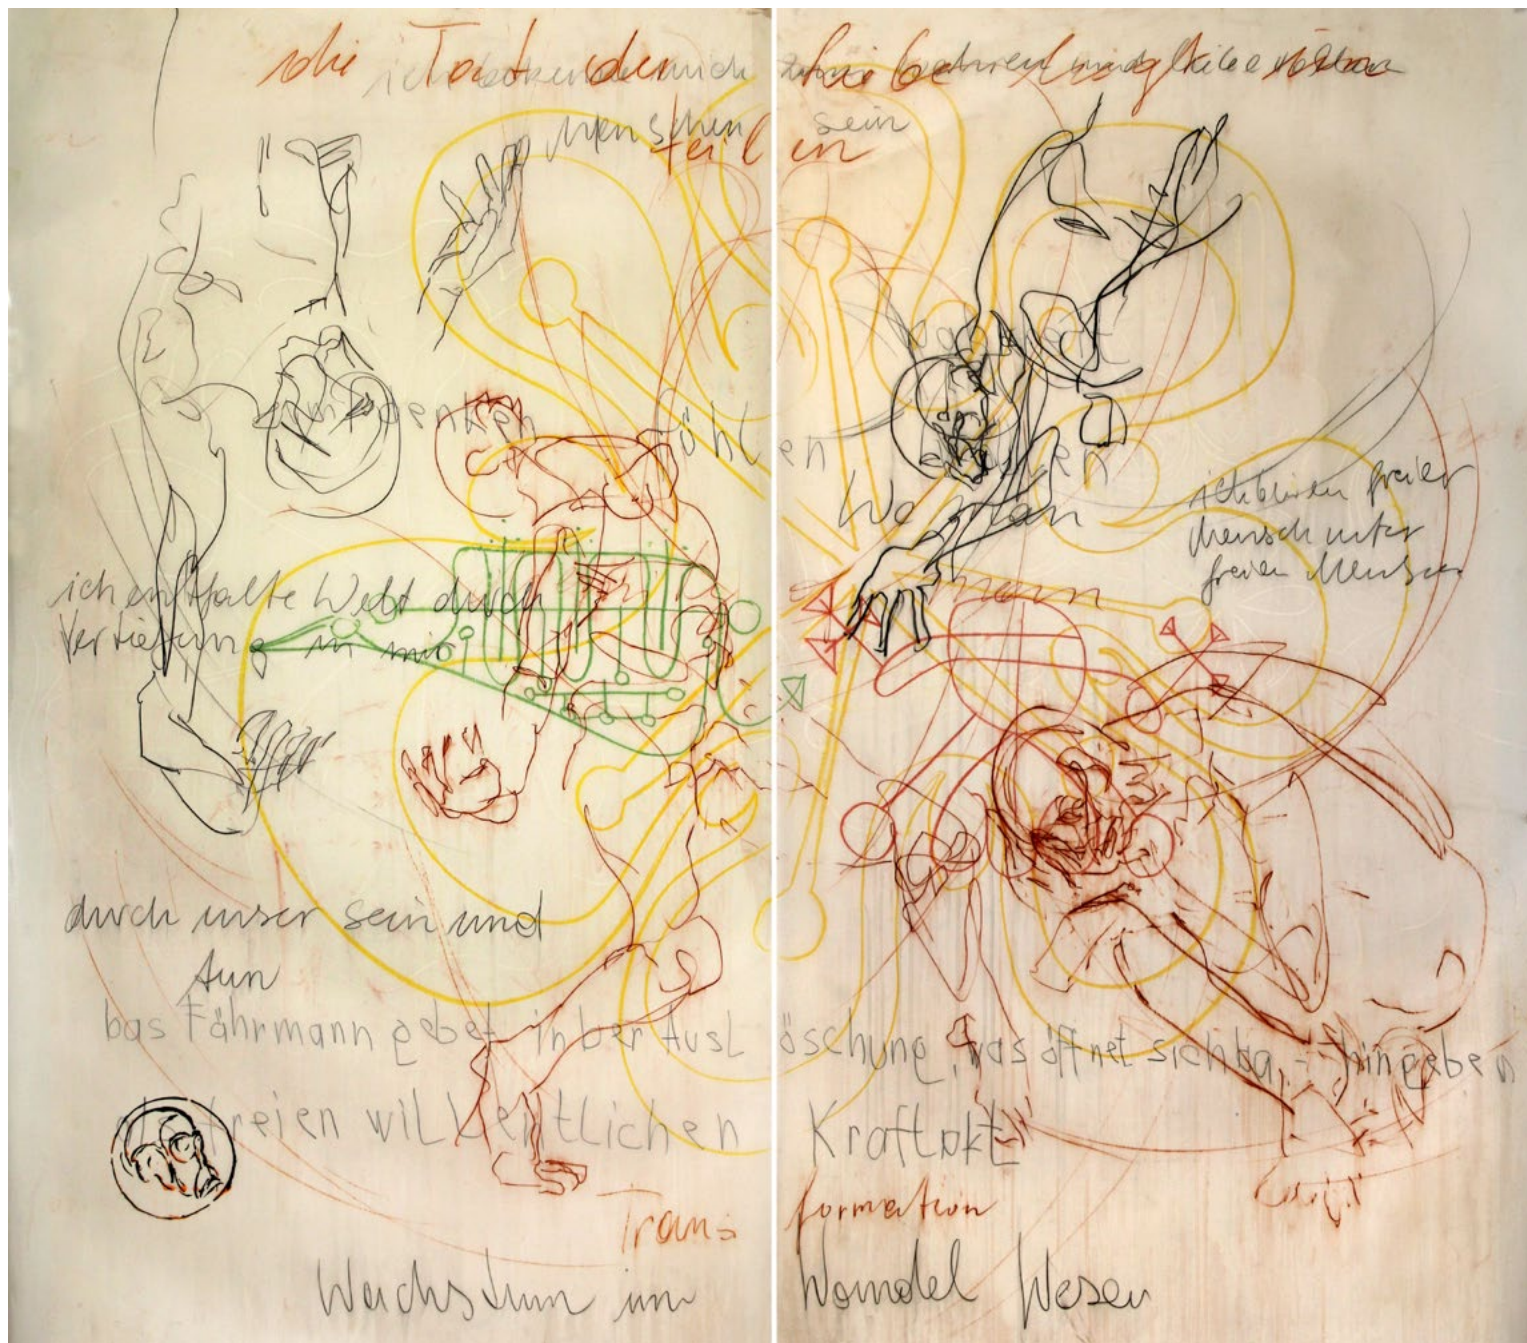

*We do not wait
for the future -
- we shape it!*

*Because
People
Matter!*
